

YEAR 2 HOME LEARNING

W/B 18th May 2020

 <h2>Maths</h2>	 <h2>Reading</h2>
 <p>This week, WHITE ROSE MATHS focuses on multiplication and division. These are the new lessons this week...</p> <p>Day 1- multiplication sentences using x symbol</p> <p>Day 2- use arrays</p> <p>Day 3- the 2x table</p> <p>Day 4- the 5x table</p> <p>Day 5- CHALLENGE!</p> <p>Please complete the worksheets for each day either on the worksheets or writing the answers into your home learning book. The worksheets can be downloaded from the home learning area of the VLE.</p> <p>You will also find some 'diving into mastery' activities if you would like an extra challenge.</p>	<p>Please complete the new comprehension activities linking to Science (plants). You can either print these off or write down the answers in your home learning book.</p> <p>If we were in school, our class read would have been Fantastic Mr. Fox by Roald Dahl. You could read this at home if you have a copy or any fiction book you have, just as long as you are reading! Of course, non-fiction is great to read too.</p> <p>You can also read books that are similar to the scheme we use in school by following this link https://connect.collins.co.uk/school/portal.aspx Parents log in as teachers... Username: parents@harpercollins.co.uk Password: Parents20!</p>
 <p>You can also develop your SHAPE knowledge by following the link to the Oak National Academy</p> <p>https://www.thenationalacademy/online-classroom/year-2/maths#subjects and try the next five lessons...</p> <ol style="list-style-type: none"> 11. Make predictions about rotation 12. Rotate shapes 13. Identify how patterns have been created through rotation 14. Follow a route around a map 15. Consolidate and review. 	 <h2>Writing</h2> <p>Please go into the project section of the VLE and open up the powerpoint. Here you will be guided through your English activities for the week. There will be a mixture of grammar, punctuation and writing activities all linked to the text that you would have been studying in school. If you are slightly behind, that's not a problem but it is best to complete the lessons in the right order.</p> <p>You will also find your weekly spelling list to learn, your parents may test you at the end of the week!!! You can either print this off or copy them into your home learning book.</p>

 <h2>Topic</h2>	 <h2>Science</h2>
<p>This term our topic would have been all about our local area and how we can look after our environment and community. Please see the home learning project with a range of activities related to this topic for each subject.</p> <p>This will stay on the VLE for the rest of the term so these activities can be completed if you find some extra time.</p>	<p>We have been learning about Living Things and their Habitats. We will now be moving onto learning about plants. You will find some activities linked to this on your home learning project.</p> <p>You can also try this activity.... http://www.crickweb.co.uk/ks1science.html</p>
 <h2>PSHE</h2> <p>If you haven't already, please see the attached health and well-being ideas from some of our school staff. How many of them can you complete?</p> <p>Think about which of these you might be able to use if you are feeling a little bit down or a bit upset at times.</p> <p>If you fancy some yoga try... https://www.youtube.com/user/CosmicKidsYoga</p>	<p>Remember the most important thing right now is to stay safe and healthy.</p> <p>Please look after your family and make sure that you are being kind and trying your best all the time.</p>
