

YEAR 6 HOME LEARNING

WB 18th May 2020

 READING	 MATHS
<p>This week there are 3 different reading comprehensions: a fiction text, a non-fiction text and a poetry text.</p> <p>Fiction text: Treasure Islands Non-fiction text: Anne Frank Poetry text: The Pied Piper of Hamain</p> <p>Answers are included for you to check your progress.</p> <p>I have also included a photo with some inference questions to discuss.</p> <p>Please make sure that you are still reading regularly at home. Use this time to explore some new books or to re-visit some old favourites. I have just read a book called Anna's War set in WW2 and am now reading a murder mystery.</p>	<p> This week, WHITE ROSE MATHS focuses on fractions. This is consolidation of prior learning in preparation for Year 7.</p> <p>Day 1- Multiply and divide by 10,100 and 1000 Day 2- Multiply decimals by integers Day 3- Divide decimals by integers Day 4- Decimals as fractions Day 5- Challenge!</p> <p>Please complete the worksheets for each day either on the worksheets or writing the answers into your home learning book. The worksheets can be downloaded from the home learning area of E-Schools.</p> <p>If you would like an extra challenge:</p> <p> You can further develop your geometry knowledge. Follow the link to the Oak National Academy https://www.thenational.academy/online-classroom/year-6/maths#subjects and try some on-line lessons.</p> <p>There are also some suggested Home Learning games and challenges on an extra sheet.</p>

SPELLING

Homophones:

- cereal
- serial
- father
- farther
- guessed
- guest
- morning
- mourning
- who's
- whose

Spend some time practising these words, checking the definitions and using them in sentences.

WRITING

Please go to E-Schools and open up the English powerpoint for this week. Here you will be guided through your English activities for the week. There will be a mixture of reading and writing activities all linked to the text that you would have been studying in school.

I'm enjoying learning about Jacques Coustaou with you 😊

TOPIC OR SCIENCE WORK

This half term in Y6 we would completed our science topic on *Animals including Humans (the circulatory system)*. Please see the project that I have put together for you.

This will include some computing, science & art work.

Can you make a poster or double-page spread to show everything you have learnt about the circulatory system and share it with everyone on our learning platform?

Grammar

This week you have a revision PowerPoint and quiz about *Modal verbs* to work through.

PSHE

Please see the attached health and well-being ideas from some of our school staff. How many of them can you complete?

Think about which of these you might be able to use if you are feeling a little bit down or a bit upset at times.

Remember the most important thing right now is to stay safe and healthy.

Please look after your family and make sure that you are being kind and trying your best all the time. If you have younger siblings it would be lovely if you could help them with their learning, listen to them read or play a game with them.
