

YEAR 6 HOME LEARNING

WB 4th May 2020

|  READING |  MATHS |
|--|---|
| <p>This week there are 5 different reading comprehensions covering a range of genres of text. You may complete one each day or just select one of two that look the most interesting.</p> <p>Answers are included.</p> <p>The texts are as follows:</p> <ul style="list-style-type: none">• Alice in Wonderland• Beowulf• Michael Morpurgo• Oliver Twist• St George's Day <p>Please make sure that you are still reading regularly at home. Use this time to explore some new books or to re-visit some old favourites. I find that there is nothing as comforting as good read and a hot drink!</p> | <p> This week, WHITE ROSE MATHS focuses on fractions. This is consolidation of prior learning as we would be revising for our SATs under normal circumstances.</p> <p>Day 1- Simplify fractions using knowledge of common factors</p> <p>Day 2- Compare and order fractions</p> <p>Day 3- Add and subtract fractions</p> <p>Day 4- Adding and subtracting mixed numbers</p> <p>Day 5- Challenge!</p> <p>Please complete the worksheets for each day either on the worksheets or writing the answers into your home learning book. The worksheets can be downloaded from the home learning area of E-Schools.</p> <p>If you would like an extra challenge:</p> <p> You can further develop your fraction knowledge.</p> <p>Follow the link to the Oak National Academy https://www.thenational.academy/online-classroom/year-6/maths#subjects and try the first lessons.</p> <p>Also, for a fun shape challenge, try: Ten Hidden Squares problem.</p> <p>https://nrich.maths.org/2654</p> |

SPELLING

Revision of statutory 5/6 spellings:

- sincere
- sincerely
- soldier
- stomach
- sufficient
- suggest
- symbol
- system
- temperature
- thorough

Spend some time practising these words, checking the definitions and using them in sentences.

WRITING

Please go to E-Schools and open up the English powerpoint for this week. Here you will be guided through your English activities for the week. There will be a mixture of grammar and writing activities all linked to the new text that you would have been studying in school.

TOPIC OR SCIENCE WORK

This half term in Y6 we would completed our science topic on *Animals including Humans (the circulatory system)*. Please see the project that I have put together for you.

This will include some computing, science & art work.

Can you make a poster or double-page spread to show everything you have learnt about the circulatory system and share it with everyone on our learning platform?

PSHE

Please see the attached health and well-being ideas from some of our school staff. How many of them can you complete?

Think about which of these you might be able to use if you are feeling a little bit down or a bit upset at times.

ADDITIONAL GRAMMAR WORK

Relative clauses

Relative clauses are a type of subordinate clause that begin with a relative pronoun (who, which, where, when, whose). Relative clauses add information about the noun/ subject of a sentence.

E.g. You found Nessie on that tree, *which is by the lake.*

Have a look at the PowerPoint and then try the task at the end. ☺

Remember the most important thing right now is to stay safe and healthy.

Please look after your family and make sure that you are being kind and trying your best all the time. If you have younger siblings it would be lovely if you could help them with their learning, listen to them read or play a game with them.
