

# YEAR 4 HOME LEARNING

WB 4<sup>th</sup> May 2020

 READING	 MATHS
<p>This week you have a classic poem comprehension called 'Tyger Tyger' written by an English poet called William Blake.</p> <p>This can be challenging as some words can be unfamiliar and the style of writing is different. Ask for help, or use dictionaries to find the meanings of unknown words.</p> <p>There are 3 differentiated question sheets so please choose the one that you feel is most appropriate.</p> <p>The answers are included on a separate document so you can check to see how you got on.</p> <p>Please remember to keep reading at home every day. You should be reading independently but also, if you can, read and share a book with an adult that's good too.</p> <p>I'm reading Cosmic by Frank Cottrell Boyce at the moment with my son. I think I am enjoying it as much as him. Miss Sothern</p>	<p> This week, WHITE ROSE MATHS focuses on Multiplication, division, perimeter and area.</p> <p>This is new learning.</p> <p>Day 1- Multiply a 2 digit number by a 1 digit number Day 2- Multiply a 3 digit number by a 1 digit number Day 3- Divide a 2 digit number by a 1 digit number Day 4- Divide a 3 digit number by a 1 digit number Day 5- Challenge</p> <p>Please complete the worksheets for each day either on the worksheets or writing the answers into your home learning book. The worksheets can be downloaded from the home learning area of the VLE.</p> <p>If you would like an extra challenge:</p> <p> You can develop your Area and Perimeter knowledge by following the link to the Oak National Academy</p> <p><a href="https://www.thenational.academy/online-classroom/year-4/maths#subjects">https://www.thenational.academy/online-classroom/year-4/maths#subjects</a> and try the first 5 lessons.</p> <p>There will also be a Times Tables Rock Star tournament running from Monday to Friday. It would be great to see you all having a go.</p>

## SPELLING

Revision of Year 3 / 4

statutory keywords

Notice

Topic Words

Tropics

Equator

Spend some time practising these words.

## WRITING

Please go into the homework section of the VLE and open up the powerpoint. Here you will be guided through your English activities for the week. There will be a mixture of grammar and writing activities all linked to the text that you would have been studying in school.

### Other Subjects:

This term in Y4 we would have been studying Rainforests. Please see the project that we have put together for you to be able to find out about the Rainforests of the world.

This will include some geography, science, art and computing work. There will be no art set next week, so feel free to save this for wk beg 11<sup>th</sup> May.

There are different ways for you to present your work and it would be great if you could upload it to the VLE for everyone to see.

### Additional Grammar work:

#### Punctuating direct speech

When adding speech into your writing you need to make sure that you punctuate it correctly.

We have looked at the rules before so hopefully you will remember most of them, don't worry if not as there is a rules poster and a PowerPoint to help you.

After that try the worksheet.

**Be the teacher** - you have to find the mistakes.

There is an answer sheet to check afterwards.

**Challenge - Using speech punctuation** - make up your own conversations from the pictures.

You can use the rules sheet to check if you have included all the correct punctuation afterwards.

## PSHE

Please see the attached health and well-being ideas from some of our school staff. How many of them can you complete?

Think about which of these you might be able to use if you are feeling a little bit down or a bit upset at times.

Remember the most important thing right now is to stay safe and healthy.

Please look after your family and make sure that you are being kind and trying your best all the time.
