

Gayton's Living Museum presents
a special exhibition

The Natural World

On 15th July we will be presenting an exhibition filled with the amazing work created by **ALL** our children, both those at home and in school, and we warmly invite you to come along and visit.

Each Year Group will be focusing on a particular element for the display and project details have been provided. If your child would like to take part they can complete any, or all, of the activities suggested.

We would love to display all the work completed by our children, so in order to prepare for the museum we request that any exhibits created at home be delivered to school by 3:30pm on Monday 13th July 2020. Please place each child's work in a bag, clearly labelled with their name and year group. There will be designated tables for each year group under the porch area at the front of school where the work will be collected.

We would like as many people as possible to be able to visit the Living Museum and for children in each year group to be able to meet up safely. The timetable below details the time each year group is allocated a museum visit.

Year Group	Project focus	Living museum visiting times
Year 4	Giraffes	09:45 – 10:30
Year 5	Whales	10:30 – 11:15
Year 3	Giraffes	11:15 – 12:00
Year 6	Whales	12:00 – 12:30
Year 2	Birds	13:00 – 13:45
Year 1	Colours in nature	13:45 – 14:30
F2	Lions	14: 30 – 15:15
The museum will remain open until 15:45 for critical worker parents who haven't been able to attend during the day.		

The living museum will be presented on the school playground. The hall will be used in the event of inclement weather.
